

Celeste Fernandez

Front End Software Developer
Buenos Aires, Argentina

About me

Hi! I'm Celeste, front end developer. I love experimenting with new technologies, you can find some of my projects in GitHub:

<https://github.com/celescript>

Tech stack

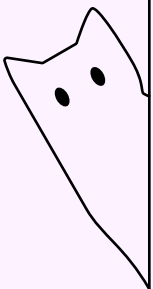

Experience

○ Portinos Jun 2022 - Present

As a Frontend Developer at Portinos I specialize in building responsive websites and applications using **Next.js**, **TailwindCSS**, **TypeScript**, and **React**. Skilled in translating design mockups from **Zeplin** and **Figma** into high-quality, user-friendly interfaces.

Key Highlights

- Accurate **implementation of design mocks**, maintaining fidelity.
- **Clean code**, optimizing performance and user experience.
- **SCSS** for well-structured stylesheets and consistent branding.
- Proficient in **Git**, **GitHub**, and **JIRA** for collaboration and **code review**.
- Managed projects, ensuring **on-time delivery**.
- Familiarity with **AWS S3** and **Dropbox** for secure file storage.
- Deployed sites using **Docker**.

Studies

- **Coderhouse** Nov 2021 - Jan 2022
React course
- **Codo a Codo 4.0** Aug 2021 - Dec 2021
Full Stack Developer
- **Escuela Dev Rock** Oct 2021 - Nov 2021
Curso de JavaScript
- **Henry** Sep 2021 - Sep 2021
Javascript 101
- **Escuela Dev Rock** Jun 2021 - Jul 2021
HTML and CSS
- **freeCodeCamp** Nov 2020 - Jan 2021
Responsive web design, HTML and CSS
